The insured must help the Company to preserve its rights against those responsible for the loss. This may involve signing any papers and taking any other steps the Company may require. If the company takes over an insured's rights, the insured must sign an appropriate subrogation form supplied by the Company.

### Pre-Notification and Network Information

Many facilities inside the U.S. are not familiar with travel medical insurance and this creates unnecessary problems for insureds. **Seven Corners Assist must be contacted and Seven Corners provider network must be utilized for treatment received in the United States.** When contacted properly, Seven Corners Assist is able to notify the network provider of benefits, coverage, and conditions in advance of the insured's arrival. While utilizing the network does not guarantee benefits or that the treating facility will bill Seven Corners directly, it saves the insured from many administrative hassles and places the facility in contact with the Seven Corners claims department.

While Seven Corners does not have network facilities outside the United States, the quality of medical attention available is important to us. Outside of the United States, the insured must pre-notify Seven Corners Assist for any hospital admissions or any inpatient / outpatient surgeries.

Contact information for Seven Corners Assist is below and on the back of your ID Card. A listing of network providers can be found at [www.sevencorners.com/ppo](http://www.sevencorners.com/ppo) on the web. Following these procedures are very important, failure to do so will result in a 20% reduction of eligible benefits.
